Google Cloud

Data Engineering on
Google Cloud Platform

Data Engineering Learning Path

1. Data lakes and data warehouses
2. Building batch data pipelines
3. Streaming systems and performance
4. Analytics and AI ⬅

Analytics and AI

1. Introduction
2. Unstructured data
3. AI Platform Notebooks
4. Productionizing custom ML
5. Machine learning in BigQuery
6. AutoML
7. Summary
